GREETER INVOCATION  
WELCOME TO ROTARY BRYAN ROGERS

YELLOW DOT

No one wants to think about being in an accident or having a medical emergency but it can happen to anyone. When it does, you may not be physically able to give medical personnel important information they need to make the best medical decisions about your care.

Laurens County has been chosen as one of only two counties in Georgia to pilot a new program called Yellow Dot. Georgia's Yellow Dot program is a free program designed to help first responders provide life-saving medical attention during that critical first hour after a medical emergency.

The Department of Humans Services and the Department of Public Health are working closely with Fairview Park Hospital, Carl Vinson VA Medical Center and Laurens County EMS to pilot this program in Laurens County. .

Georgia's Yellow Dot program is a free program designed to help first responders provide life-saving medical attention during that first "golden hour" after a medical emergency. A Yellow Dot in the driver side rear window of your vehicle or the "triple tree" of your motorcycle will alert first responders that vital medical information is stored in the glove compartment. The Yellow Dot program can also be used in the home by placing the decal on or beside your front or entry door. This Yellow Dot Program is made possible by the Georgia Department of Human Services, Division of Aging Services, the Georgia Department of Public Health, the Governor's Office of Highway Safety and Alliant Georgia Medical Care Foundation.
